Dear Mr. Holmes:

Thank you so much for your generous donation of \$2000 to the NB Selects Rugby Tour for the 2017 Women Rugby World Cup.

As you know, touring is an essential part of our Rugby Culture. The Bridging the Gap program provides a fantastic opportunity for young players to experience international travel, train and play in areas where rugby is a primary sport. In our case, allowed a group of young women to see our National athletes compete at the highest level. It also helped to provide a bigger fan base at the tournament to support our NSWT.

On tour the girls were able to hold a training session at Blackrock College with Tony Smeeth, play 3 matches vs Athy, Connacht Development and Ulster Development and attended 2 days of World Cup matches. Thanks to Francois, they were able to meet with the members of our NSWT after the Wales match. It was fantastic tour for many reasons and we are beginning to plan for a 2019 tour.

We placed the Rugby Canada Foundation logo on the upper back of our jerseys and made sure to promote your support in any of our releases or articles on the tour.

Thank you again, and we look forward to your continued support.

Sincerely,

NB Selects Rugby  
Troy and Kim Dixon
